Victor,

Man I don't know what I'd do sometimes if I didnt have you for a friend.. Dont ask me why cuz I can't answer that. Just think next year we'll be Juniors - - - upper class man (even)

I also think of you as a brother cuz you're one of the few boys I can talk to and you can talk to me, and no matter what you say I don't get embarrassed. Next year I intend to have a helluva time with the girls - I imagine it will just be another year to goof off. When are you going to settle down and get to work? You are going to have to pretty soon Oh well, you boys are all the same. Have fun this summer and stay out of trouble (aye sir)

Your friend always,

Diana

Dedication

It has been fifty years since the first class graduated from Calexico Union High School. The following article appeared in the Calexico Chronicle, June 5, 1913. Mrs. J. E. Peck wrote the article after the first commencement exercises.

"Another step forward in the progress of Calexico was made when the first class to be graduated from the High School was given their diplomas on Tuesday evening.

The program presented was one of exceptional merit. The opening number was a piano solo by Mrs. Van Ralston and was beautifully rendered. Mrs. Thing always pleases and her solo "My Mother Bids Me Bind My Hair" was splendidly sung.

The duet by Mrs. Jones and Ramsey was very much enjoyed.

The artistic rendition of "The Nightingale and the Rose" by the popular Glee Club was exceptional.

Miss Zelia Webb's essay, "Children of All Lands," showed careful reading and preparation and was well rendered.

"Early California Literature," was Miss Vivian Parker's theme and a delightful paper it was, showing how closely related with the literature are the history and scenery of our great state.

The address of the evening was delivered by Prof. Wm. T. Randall of Brawley, and was intensely interesting throughout. His idea of the development of the senses through work in school, especially high school, is the broad idea that is gradually awakening people to a sense of the practical in school work — manual training, agriculture, domestic science, hand in hand with theory.

"The sweet girl graduate" was never better represented that when Miss Webb and Miss Parker sang the Class Song, which was the "hit" of the evening. The words composed by Miss Armstrong of the faculty, were especially appropriate.

County Superintendent, L. E. Cooley in a few chosen words, presented their diplomas to the "Class of 1913." He paid glowing tribute to our school system and said that he probably knew more of the inside of the system from his visits than the patrons of the school.

The city may well be proud of the "Class of 1913." Through pluck, earnest work and a determination to win, they have become victors in the first great work of their lives.

Too much stress cannot be laid upon the importance of our schools — nothing warrants our interest more. Greater good can be done by our awakened conscience toward our schools — in a hearty co-operation with trustees and faculty and enthusiasm for better and more adequate equipment. Our schools help make or mar the town.

Let the commencement of the "Class of 1913" be "not to itself alone," but to the whole city toward a high school second to none, not only in class work — for we have that — but in equipment, opportunity and buildings.

The remarkable success achieved this year in the high school has been due largely to the strong faculty, each member of which has given unstintedly of his time, his thought and his energy. The harmony, cheerfulness and interest displayed is worthy of note and worthy of the highest praise."

We hope this Dedication in a small way shows our respect and admiration for the first graduating class.

This year's La Aurora is the Golden Anniversary Edition. We have tried to blend in the past with the present and look ahead into the future.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '63 we shall be content, knowing that we have done the thing we were called upon to do.

With the Class of 1963 goes the hope of fifty years of graduates. This hope is success and happiness in life, and we sincerely feel everyone will attain this goal.

The Calexico Board of Education serves well at a job which demands sacrifice of time and the ability and courage to make a decision and stick by it. The members render this civic service unselfishly and receive no salary for their time. Their constant aim is to provide Calexico with the finest in education. These prominent citizens have fulfilled their duties to the taxpayers and have maintained a policy of continuous improvement in our school facilities and instructional aids. We thank you.

Imperial Valley is not far removed from pioneer days. It was perhaps the last rich agriculture area to be developed by the pioneers. The strength and independence of these early settlers is retained and reflected in the thoughts and actions of the present residents of the valley.

The first school in Imperial Valley was a far cry from the present modern schools which now exist in this area. On September 8, 1901, Professor J. E. Carr and two others drove to a site near Heber and erected a tent. Adjoining it they built an arrow-weed ramada supported by eight poles. This first school house was built in less than an hour.

Students in the modern Calexico Union High School would do well to remember the sacrifices and improvisations made by the early settlers to further the education of their youth. The greatest tribute and appreciation that you, the present day students, can make to your country and your immediate forebears is to capitalize on the many opportunities that exist at Calexico Union High School.

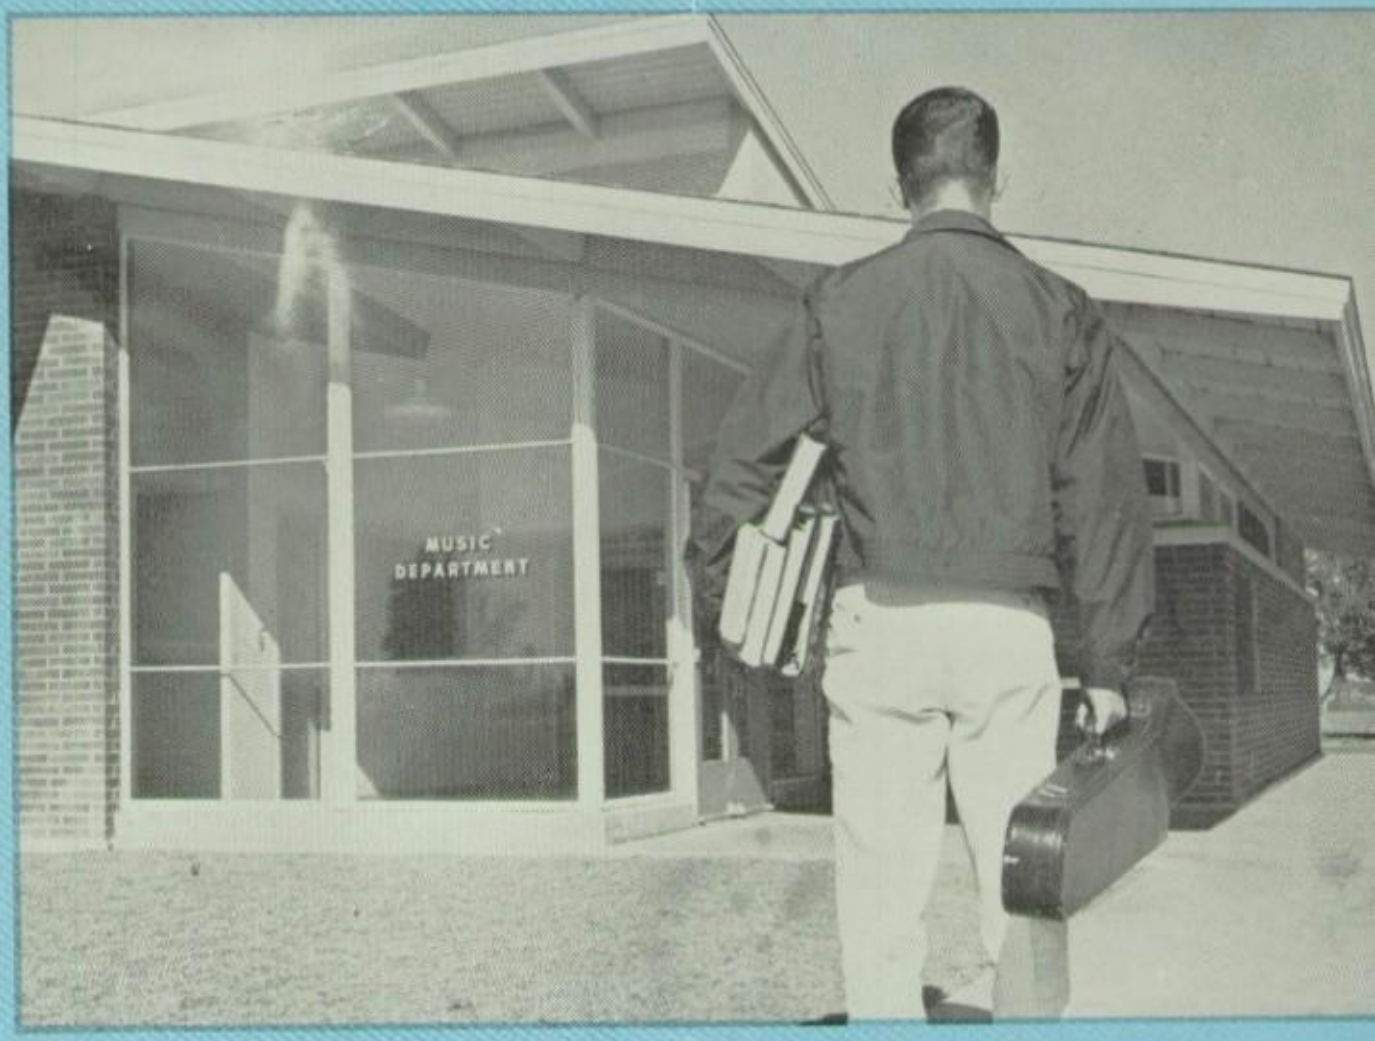
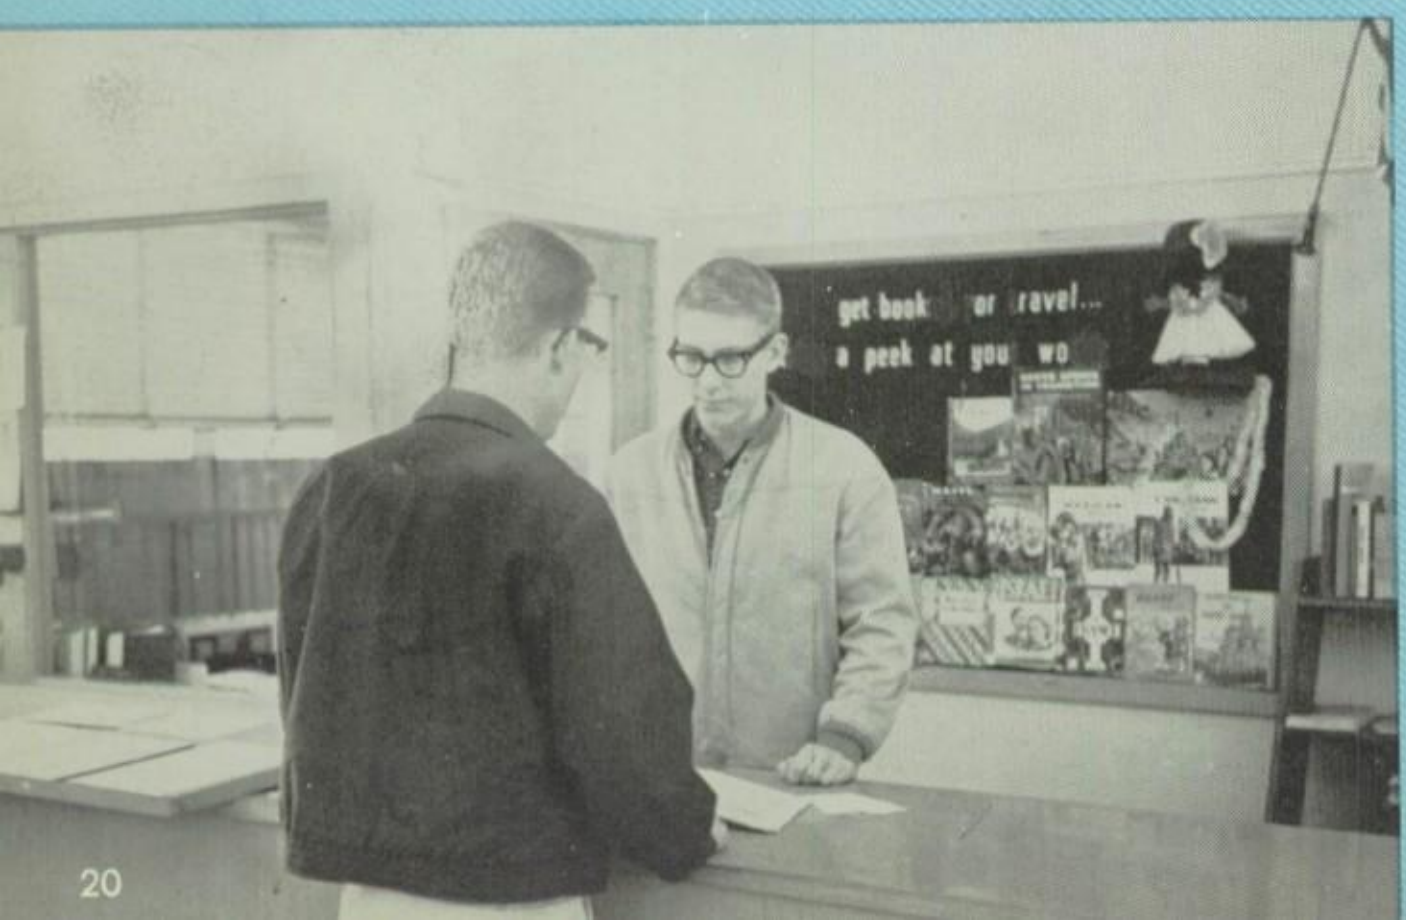
EVERYDAY LIFE OF A SENIOR

In a few moments our Senior will be awakened by his alarm clock, thus starting another day.

EVERYDAY LIFE OF A SENIOR

Our Senior's day starts earlier than most people, because he attends an 8 A.M. Orchestra Class.





EVERYDAY LIFE OF A SENIOR

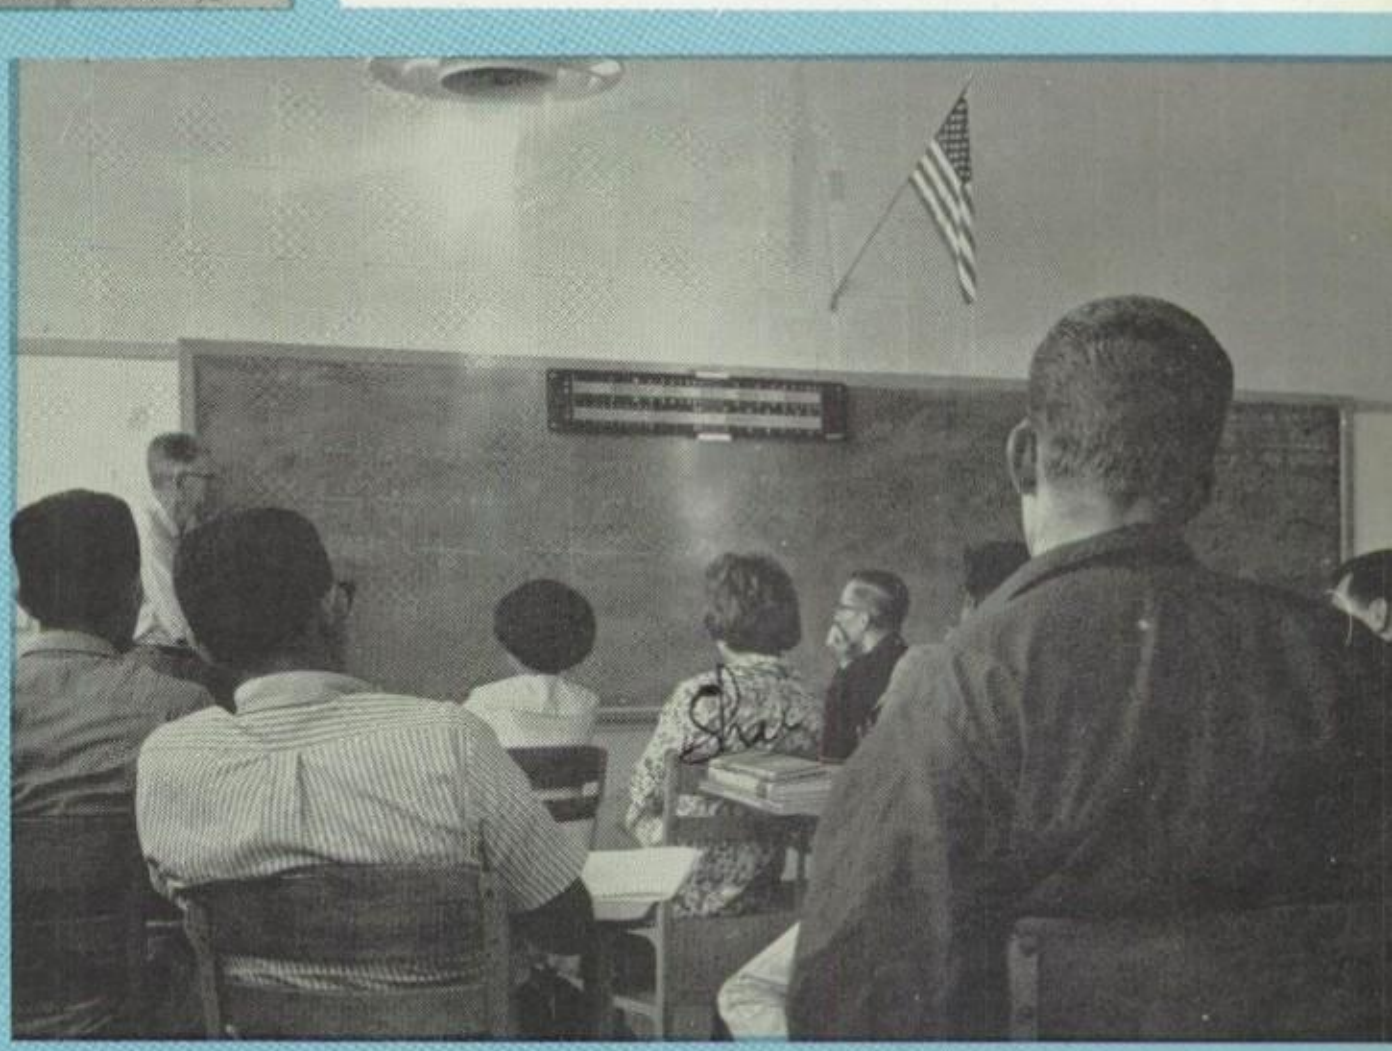
Our Senior takes full advantage of our school library, using its facilities for assignments and pleasure reading.

EVERYDAY LIFE OF A SENIOR

After school our Senior uses the Calexico Public Library, a quiet place to study.

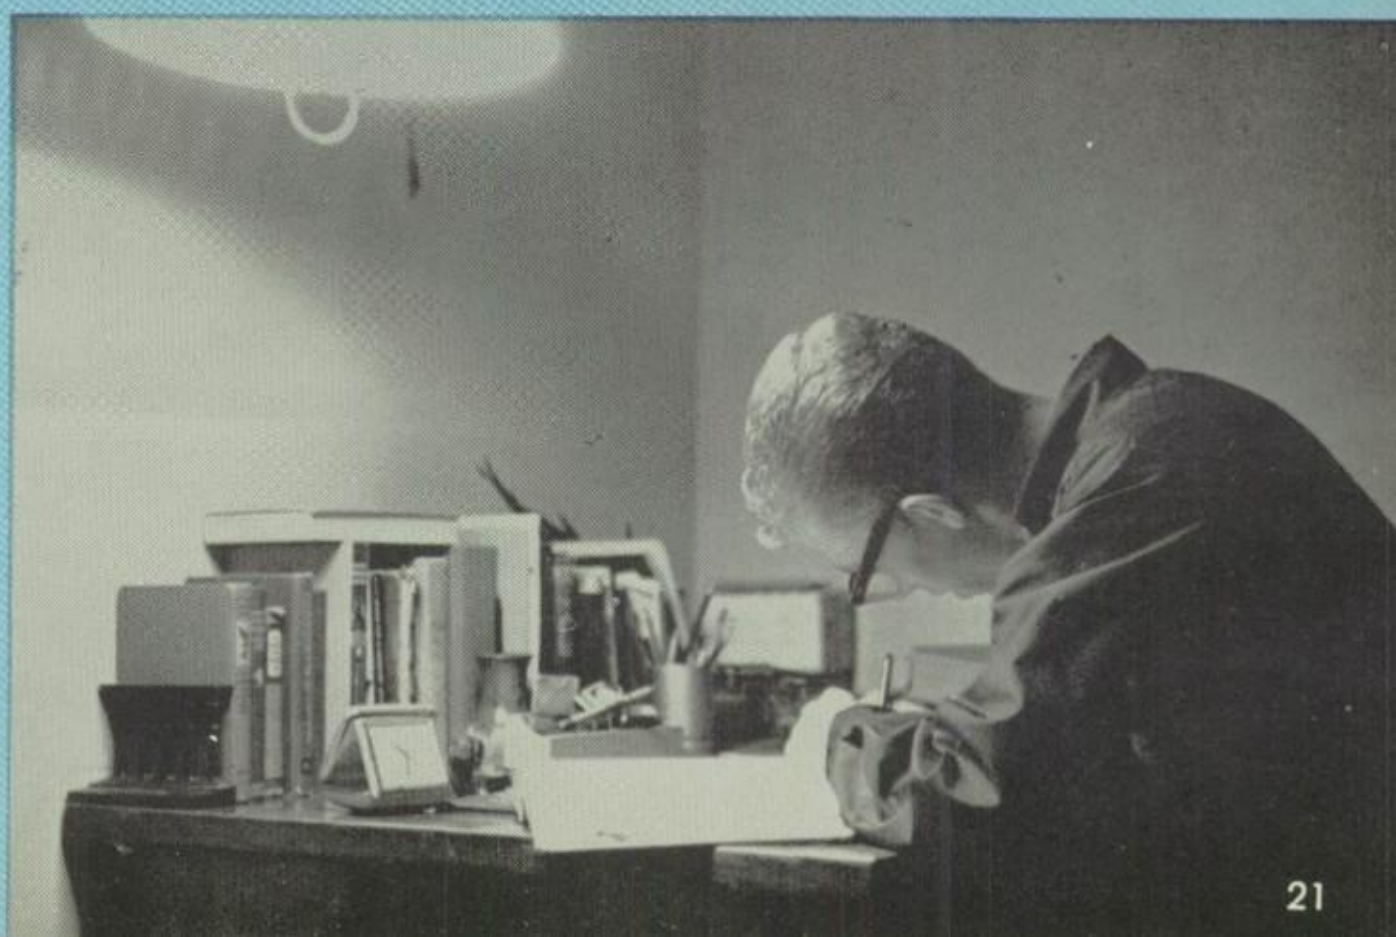
EVERYDAY LIFE OF A SENIOR

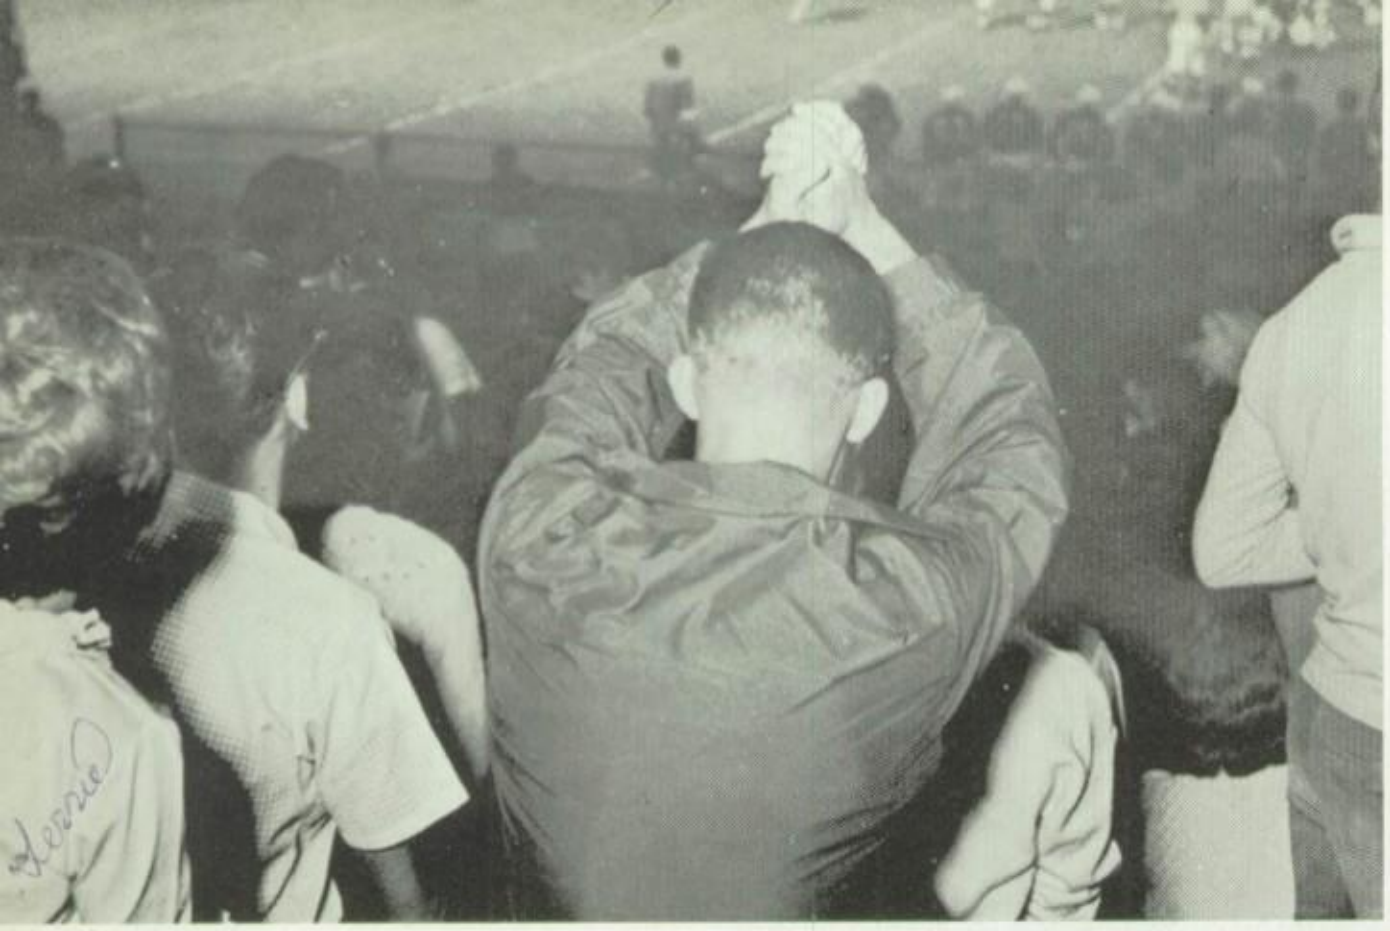
In class our Senior is quiet and attentive, getting the most out of his instructors' lectures.



EVERYDAY LIFE OF A SENIOR

With diligence and hard work our Senior masters homework assignments in physics and English, just to mention a few.





EVERYDAY LIFE OF A SENIOR
Our Senior is an avid follower of athletic events, and can usually be found in the rooting section, cheering our Bulldogs on to victory.

EVERYDAY LIFE OF A SENIOR
After the game our Senior attends the dances, thus supporting the various school clubs who sponsor them, and ending a typical day in the life of a Senior.

EVERYDAY LIFE OF A SENIOR
After four years of hard work and fun, our Senior received his diploma on June 7, 1963. We are proud of the Fiftieth Graduating Class from Calexico Union High School.

The school annual is La Aurora, "Goddess of the Dawn," the pictorial record of the school year. Approximately fifteen students comprise the Annual Staff, which is headed by an Editor, Assistant Editor, Business Manager, and Assistant Business Manager. Positions on the staff are open to all interested students. Competent and dependable students are needed to help with picture-taking, layouts, and selling the advertisements and annuals. The budget for the annual is approximately $3,000, and the completed volume for this year is 160 pages.

Bulldogs in Action

September 21

CALEXICO 12 — Basic 25

"Lady Luck" frowned, then turned her back on the Calexico Bulldogs as they opened their 1962 grid season.

Plagued by injuries in the early going, the Border City eleven wilted before a crushing second-half onslaught, as the Basic High Wolves roared away to a 25-12 victory.

September 28

CALEXICO 6 — Holtville 0

Battling the 1961 State Champs to a scoreless tie for the first three quarters, the Calexico Bulldogs used a 15-yard scamper by Carlos Montejano in the fourth period to upset the favored Holtville Vikings, 6-0.

October 5

CALEXICO 14 — Imperial 13

Trailing for three and one-half quarters, the Calexico Bulldogs capitalized on Imperial's mistakes, and rallied in the final period of play to capture their second victory of the season, 14-13.

CALEXICO 13 — Blythe 13

Arriving in Calexico an hour late, the Blythe Yellowjackets stung the Bulldogs with a 13-13 tie, somewhat dampening our Homecoming festivities.

October 26

CALEXICO 0 — Loyola 52

After a long and tiring trip the powerful Loyola team, led by all-CIF back, Steve Grady, defeated the Calexico Bulldogs in Los Angeles, 52-0. The Loyola team went on to win the CIF Championship, proving that the Calexico Bulldogs play championship caliber ball.

Football Facts

November 2

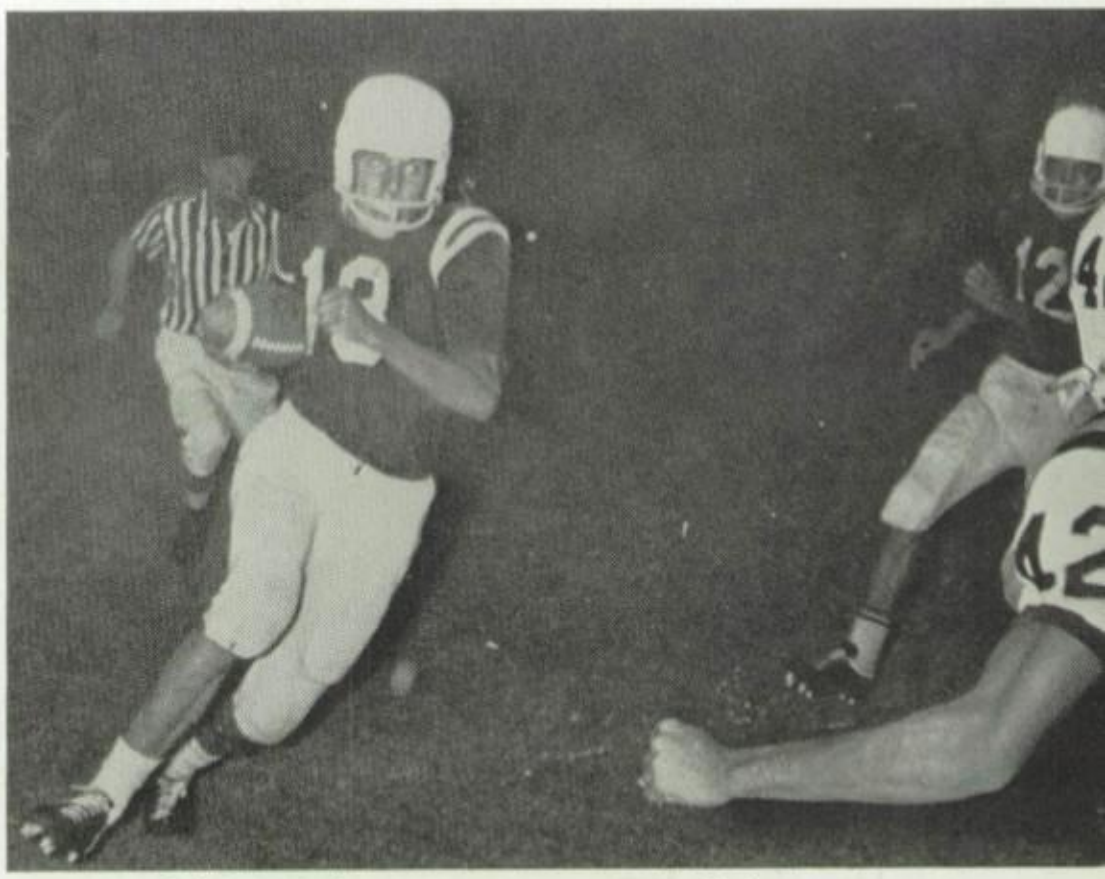
CALEXICO 13 — El Centro 12

The Calexico Bulldogs traveled north to El Centro to open Imperial Valley League play. The over-confident Spartans entertained the Calexico fans by their Homecoming ceremonies, but forgot how to play football. The Spartans were outfought throughout the game by a hard-hitting Calexico team, and lost the game 13-12. Don't tell El Centro, but we planned it that way.

November 9

CALEXICO 13 — Brawley 15

Coach Bob Farrell of Brawley felt quite lucky to escape with a victory against the fired-up Bulldogs, who gave the Wildcats all they wanted before dropping a 15-13 tilt. Only a safety kept the Bulldogs from a victory.



Jimmy Welish scored the winning point against El Centro.

CALEXICO 14 — Blythe 14

History repeated itself as the Blythe Yellowjackets and Calexico Bulldogs played to a 14-14 tie in Blythe.

Four weeks ago the same teams fought to a tie on the Border City gridiron.

Ironically, both games were Homecoming games for the respective teams.

CALEXICO 51 — El Centro 48

We jumped off to a good lead, and the Spartans never seriously threatened until the final quarter. We held off their closing rally, and went home with our first league victory.

CALEXICO 60 — Brawley 58

Just the opposite of our El Centro game, we trailed the entire game, then tied it up with two minutes to go. It was 58-58 when Roy Palacio made a basket with seven seconds to go, and we won our second league game by the score of 60-58.

CALEXICO 74 — Blythe 56

We had little trouble in putting down the Yellowjackets. We ended the first-half of league play with a perfect record, winning three and losing none.

This game will live in the memories of every student at Calexico! Our star player, Ramon Sanchez, was declared ineligible for just this one game. Coach Lopez reworked our team, and we gave the lowly Spartans a run for their money. They barely beat us in spite of our loss of Ramon.

CALEXICO 40 — Brawley 54

Brawley's tremendous height defeated the rather short Calexico Bulldogs. Brawley controlled both backboards, and seemed to make every shot they tried. This was our second league loss.

CALEXICO 62 — Blythe 55

Our last league game saw Calexico playing host to the Yellowjackets. After being defeated in two previous outings we displayed our ability to win, and defeated the Blythe quintette. The Imperial Valley League was thrown into a three-way tie for first place.

CIF PLAYOFFS

CALEXICO 75 — Banning 46

Banning was sporting a perfect league record, and had won eight straight games before coming to the Border City. But, everything worked to perfection for us, and we ran all over the Broncos, 75-46.

CALEXICO 48 — Mater Dei 41

Calexico traveled to Santa Ana to battle the Monarchs, the team that had beat Brawley. Playing in a college gym, our fast-breaking attack tired out our opponents, and we wound up in the CIF semi-finals. The final score was Calexico 48, Mater Dei 41.

CALEXICO 44 — El Segundo 53

Our last game of the year was played at home in a jam-packed gym. The El Segundo Eagles had a definite advantage in height, and beat the Bulldogs, 53-44. El Segundo went on to the Class AA Championship, and Calexico was named the third best team in the AA bracket.

Looking ahead in life . . . the lessons of Imperial Valley pioneers can serve as a constant reminder of what can be accomplished when free people work toward definite objectives under our free enterprise system . . .

This area has been changed from a desert wasteland to an agricultural empire producing the seventh largest income in the United States . . . in just 60 years.

Every year many visitors from countries of the free world come to Imperial Valley to study our farming methods and to see our vast network of canals and drains. Many of the methods used here will be applied in similar areas.

We are proud of the part our trained District personnel have played in this outstanding development . . . we too are looking to the future, keeping abreast of developments to even further improve our power and water systems . . .
